Fairlawn's Future, Forward

We're thrilled to unveil our refreshed visual brand, marking a new chapter in our journey while honoring the strong foundation we've built since 1964. Our updated logo features a stylized tree, a heart, and a cross — each representing what makes Fairlawn so unique:

The heart symbolizes our unwavering commitment to compassionate care.

The cross reflects our faith-based legacy.

The tree stands for growth and vitality in every stage of life.

This refresh is not about a change in leadership or ownership—Fairlawn remains the same trusted, faith-based community it has always been. While our look may have changed, our commitment to providing a caring, faith-driven environment remains as strong as ever.

Isaiah has no aspirations after graduating high school, a bad attitude and no job. His mother prayers are answered when he finds a job where the owner of the company takes Isaiah under his wing and leads his life in a much better direction. This inspirational film tugs at the heartstrings but also adds in humor just at the right moment.

Fairlawn Retirement Community, along with Fairlawn Village Council, is excited to announce the beginning of a new program, Partners in Caring. Partners in Caring was founded by recent Village Council Members and Fairlawn Administerial Staff to offer a helping hand to Fairlawn employees that may be enduring a difficult situation in their lives.

How will this work exactly? When an employee is enduring a difficult moment in his/her life, he or she may be sponsored by his/her supervisor or he/she can apply for the program. Once an application is received and reviewed by the Partners in Caring Committee comprised of IL Village Council members, a Board member, and Fairlawn Lead team members, you may see invitations or receive a letter outlining the person's needs. This could be as simple as a prayer calendar or a meal sign-up or some situations may have greater needs such as gas gift cards or monetary donations. The needs of each situation will be addressed case by case. (Please note that all funds are separate from the operational funds of Fairlawn). With Partners in Caring now in place, we as a community can extend that compassionate, helping hand when it is needed the most.

After the past two years of successful Garage Sales, Village Council has begun preparing for another sale in 2025. Again, we will follow the same weekend as the North Pointe Garage Sales that draw a lot of attention from the surrounding area. June 4-7th

If you wish to donate an item(s) to be sold at the Wyse Commons sale, please, call Jake for the garage code to the space designated in one of our Wyse Commons garages. Donations can be dropped off there from now until the sale! All proceeds from the Garage Sale will go to Village Council where the funds are used for improving campus-wide handicap accessibility and offsetting the 2025 Resident Christmas Party costs.

Spring is in
the Air

The grass and landscape season has begun!

Fairlawn will once again be working with Custom Turf Solutions of Wauseon to care for our beautiful campus. This is the fifth season that Custom Turf Solutions has provided lawn care services and they have proven to be an excellent landscape partner.

Custom Turf Solutions provides mowing services and is also responsible for edging/trimming, spreading fertilizer, insecticides, weed control, and fixing turf trouble areas.

You will soon begin to see their crew on site doing a spring clean up preparing lawns for the mowing season.

Come May they will begin cleaning out landscape beds in preparation to trim the landscape beds in June

It is a large campus to care for. If you see any trouble areas or have any concerns please contact Jake at 567.444.5102

Village Council Represents YOU!

If you have any concerns about our Fairlawn Community please reach out to your Village Council representative to share your thoughts. We are thankful to have a great group to represent you and to ensure Fairlawn is doing all we can to make living here a great experience.

A Message from Maintenance

Over the past few months, we have seen an increase in the use of humidifiers. Humidifiers are permitted to be used; however, we ask you to use distilled water. Using tap water causes a mineral build-up and scale on windows, inside the furnace & ducts, and clogs furnace filters causing overheating. Thank you for your cooperation.

REMINDER: DO NOT DRIVE IN THE YARD. This time of the year brings soggy soil and turf. Parking, or driving in the yard is discouraged and creates extra cost and unnecessary work.
